

## VIDEOGRAPHER

REF. No. 992

### About us

You'll be joining a high growth business, where innovation and dynamism thrive. The business already has some excellent tools and systems, and is producing highly valuable information, but there is lots to be done, improving the speed, accuracy and consistency of information and building a function that will be fit for future growth.

We are looking for a talented video editor to assemble recorded footage into a finished project that matches director's vision and is suitable for broadcasting and marketing.

Ultimately, as a film and video editor, you should be able to bring sight and sound together in order to tell a cohesive story.

### Number of employees

8

### Tasks

- Manipulate and edit film pieces in a way that is invisible to the audience
- Take a brief to grasp production team's needs and specifications
- Review shooting script and raw material to create a shot decision list based on scenes' value and contribution to continuity
- Trim footage segments and put together the sequence of the film
- Input music, dialogues, graphics and effects
- Create rough and final cuts
- Ensure logical sequencing and smooth running
- Consult with directors and supervisors from production to post-production process
- Continuously discover and implement new editing technologies and industry's best practices to maximize efficiency.

### Skills needed

- Solid experience with digital technology and editing software packages (e.g. Final Cut Pro, Composer, Lightworks, Premiere and After Effects)
- Demonstrable video editing ability with a relevant portfolio
- Thorough knowledge of timing, motivation and continuity
