

BUSINESS INTELLIGENCE INTERNSHIP (AEROSPACE & ENGINEERING)

REF. No. 1034

About us

Established in 2003 and now in its 13th year of successful trading, the company has offices in London, Manchester and Abu Dhabi, which service a rapidly growing mix of national and international clients across the Aerospace & Aviation, F1 & Motorsport, Engineering & Defence and Marine industries. With a turnover approaching £25M and a multi-national workforce of 60 staff, the company is looking for an enthusiastic, striving intern to join their Marine team. 2015 has been a very successful year for the company, with new sectors and clients growing permanently. With a brand new office right by the Thames riverside and numerous international events planned, 2016 is a record year for the ever growing team with many more exciting opportunities to come.

Number of employees

Tasks

Research and Analysis – Business Intelligence

Regions, Sector, Industry, Core Business and Performance together with specific initiatives to improve performance. You will be supporting the team in investigating key information on clients, industry, regions for company briefings or presentations

Database Development

Assisting in researching active and passive candidates in the Engineering industry and creating a new database with possible workers within the Engineering and Technical sector will be part of your job. This will include headhunting and data entry.

Strategy

You will be needed to shadow the Sales and Business Development Teams with clear, actionable information to support and drive sales and client engagement. Applying strategy, intelligence and modelling to help develop the VHR propositions to key sectors, clients and contractors are inherent to this task.

PRAKTIKUM IN LONDON

Skills needed

The ideal candidate for this role

- is an experienced user of Microsoft Excel, Office & Word
- is a hard worker, quick learner and works accurately and to deadlines
- is able to demonstrate competency in general business administration duties
- is self-motivated, highly organised and attentive
- has patience and persistence
- is fluent in English and at least one other language (ideally Dutch, Italian or German)
- is able to do in-depth research

Skills to be acquired

You are an enthusiastic and eager team player who is looking for a Business Strategy and Intelligence internship in London. Reporting to your manager this role is a great introduction to International Business Strategy with the opportunity to gain experience in researching, analysing and reporting on many dimensions of the organisation. You will learn to apply investigative research techniques, candidate analysis, market and regional understanding together with improving your organisational and time management skills and how to work within a customer led organisation.

Duration of the internship

1-3 month

Office languages

English

Location

London

Financial support

£10 per working day for travel and food expenses
